

Travel Alberta International selects Glenbriar Managed Infrastructure Services

CALGARY, AB - June 1, 2007 — **Glenbriar Technologies Inc.** is pleased to announce it has been selected as the sole Information Technology service provider by Travel Alberta International (“TAI”). TAI will utilize Glenbriar’s highly developed Managed Infrastructure Services (MIS) offering for all IT management and support.

“Glenbriar’s MIS offering was a natural fit that met all of TAI’s operational and business requirements” said Rodney Taylor, Director Corporate Development. “The fact that TAI has selected Glenbriar is testimony to the cost effectiveness and flexibility of our MIS offering and our ability to address TIA’s specific support needs.”

Glenbriar MIS provides a scalable, highly efficient, and cost effective outsourcing solution for corporate IT and Telecom. Core services include Service Desk and end-user support, remote monitoring and performance reporting, infrastructure design, execution and maintenance, corporate communications. By leveraging Glenbriar’s national team of specialized consultants and engineers, clients realize greatly increased business efficiencies over “in-house” IT staffing solutions.

About TAI

Travel Alberta International Inc. is the province of Alberta’s destination marketing organization with a mandate to increase the number of international visitors to Alberta. Guided by the Strategic Tourism Marketing Council and a rolling three-year Strategic Tourism Marketing Plan, Travel Alberta is the steward for the effective and efficient delivery of tourism marketing programs.
